

# MID ATLANTIC STRUCTURAL BUILDING COMPONENTS ASSOCIATION

## 2012 MEMBERSHIP GUIDE

**President** Mr. Keith Myers  
Woodhaven Lumber

**Vice President** Mr. Jerel Phalines  
Concord Truss Company

**Secretary** Mr. Erin Barker  
Simpson Strong-Tie Co.

**Treasurer** Mr. Timothy Riegel, PE  
Rigidply Rafters, Inc.

**MASBCA Board Members** Mr. Joseph Hikel – Shelter Systems Limited  
Mr. Kenneth Slotter – Shelly Enterprises, Inc.  
Mr. Thomas Wurster – H.M. Stauffer & Sons, Inc.

# 2012 MEMBERSHIP GUIDE

## COMPONENT MANUFACTURER CHAPTER MEMBERS

### 84 Components

Mr. Kurt Ott  
1019 Route 519  
Eighty Four, PA 15330-2813  
724/228-8820x1356 • 877/213-3601 fax  
ottk@84lumber.com  
www.84lumber.com

### Concord Truss Company

Mr. Jerel Phalines  
692 S Evergreen Ave  
Woodbury Heights, NJ 08097  
856/845-3848 • 856/845-0831 fax  
jphalines@comcast.net  
www.concordtruss.com

### DuBell Lumber

Mr. Darren DiMedio  
1601 Eden Rd  
Millville, NJ 08332-4074  
856/765-9300 • 856/765-9994 fax  
ddimedio@dubell.com  
www.dubell.com

### Lezzer Truss Systems, Inc.

Mr. John Lloyd  
PO Box 217  
Curwensville, PA 16833-0217  
814/236-0975 • 814/236-0979 fax  
johnlloyd@lezzer.com  
www.lezzerlumber.com

### ProBuild Northeast

Mr. Jim Johnson  
210 Williamstown Rd  
Berlin, NJ 08009-9730  
704/968-6748 • 856/768-7796 fax  
jim.johnson@probuild.com  
www.probuild.com

### ProBuild Northeast

Mr. Peter Kerner  
3 M Y Ln  
Morrisville, PA 19067-2365  
215/295-8074 • 215/295-8892 fax  
pete.kerner@probuild.com  
www.probuild.com

### R & R Components, Inc.

Mr. Travis Ness  
76 Bowman Rd  
York, PA 17408  
717/792-4641 • 717/792-2678 fax  
travisness@rrcomponents.com  
www.rrcomponents.com

### Rigidply Rafters, Inc.

Mr. Timothy W. Riegel, PE  
PO Box 177  
Richland, PA 17087  
717/866-6581x311 • 717/866-7237 fax  
timriegel@rigidply.com  
www.rigidply.com

### Shelly Enterprises, Inc.

Mr. Greg Shelly  
64 Highland Ave  
Souderton, PA 18964-1823  
215/723-4304x35 • 215/723-8451 fax  
gshelly@shellys.cc  
www.shellys.cc

### Shelly Enterprises, Inc.

Mr. Kenneth Slotter  
3110 Old State Rd  
Telford, PA 18969-1031  
215/723-5108x121 • 215/723-7523 fax  
kslotter@shellys.cc  
www.shellys.cc

### Shelter Systems Limited

Mr. Joseph D. Hikel  
1025 Meadow Branch Rd,  
Westminster, MD 21158-3041  
410/876-3900x1501 • 410/857-5754 fax  
joeh@sheltersystems.com  
www.sheltersystems.com

### H. M. Stauffer & Sons, Inc.

Mr. Thomas C. Wurster  
PO Box 567  
Leola, PA 17540-0567  
717/661-6222 • 717/656-4906 fax  
twurster@hmstauffer.com  
www.hmstauffer.com

### Stock Components-Paradise

Mr. Kent Sell  
PO Box 369  
Paradise, PA 17562-0369  
717/768-8244 • 717/768-3460 fax  
kent.sell@stocksupply.com  
www.stocksupply.com

### Truss Tech, Inc.

Mr. Jeffery E. Whitesel  
PO Box Q  
Mifflin, PA 17058-0917  
717/436-9778 • 717/436-9008 fax  
jeff@trusstech.ws  
www.trusstech.ws

### UFP Berlin, LLC

Mr. Dave Smithson  
159 Jackson Rd  
Berlin, NJ 08009-2608  
856/767-0043 • 856/767-1526 fax  
dsmithson@ufpi.com  
www.ufpi.com

### UFP Eastern Division, Inc.

Mr. Kevin Dicello  
PO Box 31  
Gordon, PA 17936-0031  
570/875-2811 • 570/875-4072 fax  
kdicello@ufpi.com

ebarker@strongtie.com  
www.strongtie.com

### Structural Building Components Association

Ms. Anna Stamm  
6300 Enterprise Ln.  
Madison, WI 53719  
608/310-6719 • 608/274-3329 fax  
chapters@sbcindustry.com  
www.sbcindustry.com

### USP Structural Connectors

Mr. Randy Holgate  
735 Stella's Point  
McDonough, GA 30253  
800/328-5934  
Wholgate@mii.com  
www.uspconnectors.com

## Why use components? Why not?

Structural building components are the future of framing. Engineered components are more cost effective, environmentally friendly and durable than typical stick framing. Penetrating more markets each year across the country, components are designed to meet building codes and perform under wind and other stresses. Why not use components?

# SBCA's MID ATLANTIC CHAPTER

## About the Mid Atlantic Structural Building Components Association

The Mid Atlantic Structural Building Components Association (MASBCA) is a local chapter of the Structural Building Components Association (SBCA). MASBCA is composed of truss and wall panel manufacturers as well as related suppliers to our industry.

Our members are located in Pennsylvania, New Jersey, Maryland and Delaware, and we also ship into Virginia, West Virginia, New York and Ohio.

## MASBCA – Your Neighbors at Work

Our chapter members are an important part of the local economy, providing jobs and contributing to the community. Together, we are making a difference and building the future with components.

- 33** Component Manufacturing Plants
- 2,000** Employees at Manufacturing Plants
- 65** Additional Locations (e.g., sales, design and stores)
- 1,000** Employees at Additional Locations
- 330** Trucks Operated by Members

- \$160** Million Annual Sales Volume for Wood Roof Trusses
- \$50** Million Annual Sales Volume for Wood Floor Trusses
- \$40** Million Annual Sales Volume for Wood Wall Panels
- \$30** Million Annual Sales Volume for LVL/I-Joists/Glulam
- \$450** Million Total Average Annual Sales Volume

Figures calculated and rounded from confidential member survey compiled in 2008

## Looking for online education?

Designed for architects, engineers, specifiers, contractors, suppliers, building officials and members of the fire service, SBCA offers FREE Component Technology Workshops (CTW) – online multimedia courses addressing key issues affecting the structural building components industry. Continuing education credit is also available. Visit [ctw.sbcindustry.com](http://ctw.sbcindustry.com) for more information.

## Would you like a live seminar?

In addition to the Component Technology Workshop online courses, our chapter members would be pleased to schedule a live presentation for your group. Just a few of the groups we're educating include:

- ▶ Atlantic Builders Convention (ABC)
- ▶ Pennsylvania Building Officials Conference (PennBOC)
- ▶ Pennsylvania Housing Research Center
- ▶ Pennsylvania Association of Code Officials (PACO)
- ▶ New Jersey Code Enforcement Officials through Rutgers University
- ▶ Burlington County, NJ Emergency Services Training Center
- ▶ Middlesex County, NJ Fire Academy

We would be pleased to provide you with more information on our industry – just let us know how we can make your job easier!

## Would you like to tour a truss plant?

By visiting a truss plant in your area, you can:

- ▶ Gain a better understanding of the manufacture of structural building components
- ▶ Ask questions and discuss issues with the industry representative leading the tour
- ▶ See first-hand why structural building components are the future of framing.

Please let us know if you are interested in touring a plant near you!
