

SBCA Annual Workshop & Conference

Wednesday, September 17

11 am PDT / 12 pm MDT

1 pm CDT / 2 pm EDT

The State of the Structural Building Components Industry:

Are you wondering what the latest developments are within the Structural Building Components Industry? Do you have questions or concerns about issues in your marketplace? Join in the dialogue with Kirk Grundahl, SBCA Executive Director, to discuss topics of interest and industry matters with which you may be dealing. Some of the areas that will be covered are:

- An update on industry research and testing happening at the SBC Research Institute (SBCRI).
- An overview of SBCRI testing in the context of the SBC Masters Contest. Participate and you and your team can be designing a set of trusses to be tested at SBCRI in May 2015!
- The latest industry issues that affect SBCA members – Lumber Best Practices and SBCA Policies, Standard Truss Design Drawing Notes, the SBCA Design Software Policy and so forth.
- We can discuss any code compliance issues you are facing in your market and the tools SBCA has available for you to use to help. Our goal is to be focused tasks that help you meet your business growth goals and objectives by supporting you as day to day issues arise.
- **Your topic:** Email or call Melanie Birkeland at 608-310-6736 or mbirkeland@qualtim.com with a topic/issue you would like to discuss with the group, we'll add it to the agenda and be prepared to discuss it.

Bring your questions, comments and contributions and together, we will keep BCMC alive throughout the year and continue *Building Community and Making Connections*.

Workshop Schedule – This 1¼ hour workshop will be held on **Wednesday, September 17** at **11am PDT/12pm MDT/1pm CDT/2pm EDT**. Truss Technician Training (TTT) recertification credit, continuing education credit (CEU) and professional development hours (PDH) are available.

Workshop Cost – Individuals from component manufacturing companies that attended BCMC in San Antonio, TX in 2013 can attend this session for FREE. SBCA members receive a discount and pay by location so multiple employees can participate at one cost. The member cost is \$30 per location; the nonmember cost is \$60 per person. For more information, visit: <http://sbcindustry.com/workshop>

Missed a Workshop? – Recordings of this workshop will be available online shortly after the presentation

[Thank you to our SBC Advertisers for Sponsoring the Workshops!](#)
This Workshop is sponsored by Holtec.

YES, I/we will attend the Workshop on September 17.

(Invoices will be mailed after the event. Cancellations must be received by September 16.)
